

Congratulations!!

A big WELL DONE to all the athletes who competed in the National Young Athletes League Auxiliary Final on Sunday! The team came third overall behind "Shaftsbury and Barnett" and "Gateshead", two huge teams! This was the highest that a young athlete's team has ever finished in a final!

U17 Section

The Under 17 section had a fantastic day – taking a total of 46 medals! 14 Bronze, 13 Silver and 19 Gold. We have some fantastic talent within this age group, and it is really important that we nurture this and keep athletes motivated and continuing to compete right through to the senior teams.

The atmosphere was fantastic on the day, right through to the last event of the day – the Mens 4 x 400m relay, where Adam Goulding's last leg had the entire stadium on their feet!

As this was our last event as Team Managers, we would like to express our thanks to all athletes, Officials and parents who have supported the team over the past few year, and we wish Fiona and Colin Palmer, who will be taking on overall Team Management, and Andy Ashley, who will be taking over the U17's, the very best of luck.
